Graduate Certificate in Business Architecture

Gain the skills and knowledge you need to improve the effectiveness and efficiency of your organization. Earn your certificate 100% online as you learn to align strategic objectives with tactical enterprise level business and technology initiatives. You can learn how to:

- › define strategic requirements for the enterprise
- › develop models of the future state that illustrate what the enterprise should look like
- › establish a road map of the change initiatives to achieve this future state

Course work includes business strategy execution, organizational technology innovation, and enterprise modeling.
