Penn State World Campus
Helping You Make a Difference

Penn State World Campus is happy to announce a new educational alliance with the Federal Government. Under the alliance, all federal employees, their spouses, and legal dependents are eligible to receive a 5% reduction off our already competitive tuition rates for all World Campus courses and programs—with no program exclusions or out-of-state tuition rates.

Many of the more than 125 programs that Penn State World Campus offers are directly aligned with the governmentwide emphasis on Mission-Critical Occupations (MCO), and we are ready to assist you in identifying the right programs to close skill gaps at your agency.

Whether you want an assessment of aligned programs or need our support in defining and implementing other Strategic Human Capital initiatives at your agency, we are here to help!

Our dedicated Penn State World Campus Federal Education Alliance Team is ready to assist you with anything you may need, including collateral and communication tools, online and intranet support, event planning and participation, agency-level alliance program participation reporting, and analysis.

Contact us today to learn how we can help you.

About Penn State World Campus

**Proven Leadership in Online Delivery:** Since our 1998 inception, Penn State World Campus has served students from all 50 states, more than 40 countries, and all 7 continents.

**Online Experience:** We offer more than 125 programs—almost entirely online—designed around best practices in online delivery and taught by faculty who have experience teaching in an online environment. Plus, Penn State World Campus programs are asynchronous—the student decides how and when to manage course work.

**Accreditation:** Penn State is accredited by the Middle States Association of Colleges and Schools and has an outstanding reputation as a research and teaching university. Many of our individual programs have earned additional accreditations through governing bodies in those particular fields of study.

**Academic Reputation:** Penn State is nationally recognized for its outstanding degree programs and has been named No. 1 for its online bachelor’s programs. In addition, the University is in the top 10 for best online graduate programs in business, engineering, education, and computer information technology in the rankings by *U.S. News & World Report* published January 12, 2016. The complete list of 2016 awards includes:

- **No. 1** online bachelor’s programs
- **No. 4** online graduate engineering programs
- **No. 4** online graduate computer information technology programs
- **No. 6** online graduate education programs
- **No. 7** online graduate business programs
- **No. 7** online MBA program
